- Visit <<http://www.phf.org/BioterrorismPreparednessResources.pdf>> for more detailed information about these and other tools and resources

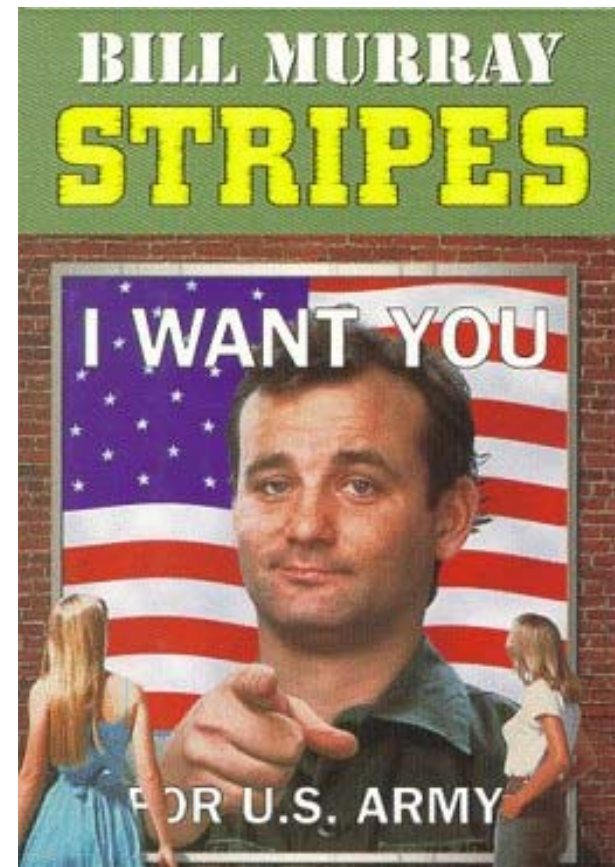

Build on what's available!

"Just the facts Jack!"

Bill Murray

- Build on organizing frameworks
- Avoid duplicating efforts
- Strengthen academic/practice linkages
- Workforce competencies are the future
- Build the evidence-base for public health practice
- We need performance standards

Theory or Practice?

You Decide?

Learn the fundamentals of
Public Health Practice and
you won't get.....

Anyone that tells you all this
is just theory is full of.....
