

Mapping the Pipeline Workgroup

The Mapping the Pipeline Workgroup has met via conference call twice since October and reviewed the enclosed pipeline graphic. The draft included today is our second draft and incorporates comments received from the Workgroup. When reviewing the materials enclosed, please keep in mind the following questions:

- 1) Is the graphic easy to read and does it convey an overall sense of the public health governmental agency workforce?
- 2) What sources of information have we missed?
