## Translate NPHPSP Results into Performance Improvement

*The National Public Health Performance Standards Program (NPHPSP) can help your health system or board of health identify areas for improvement. Once your site completes the NPHPSP assessment, this online database allows you to access the tools you need to strengthen those areas.*

### National Public Health Performance Standards Program online resource center

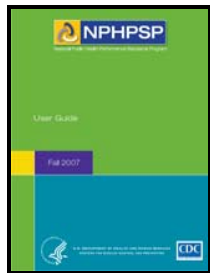

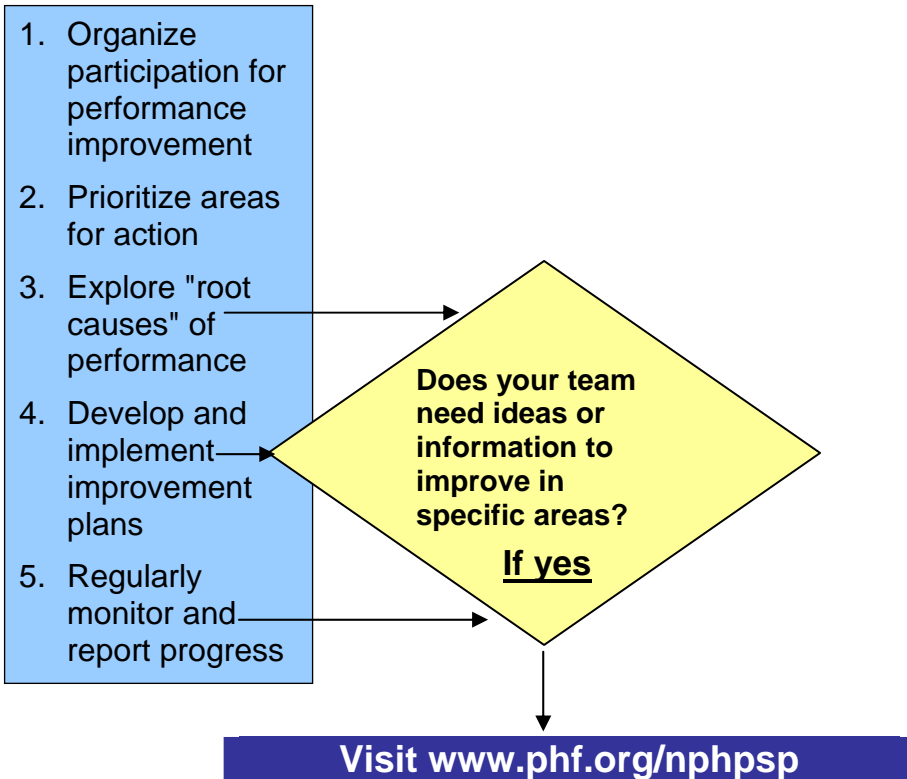

- ❖ 100's of resources
- ❖ Find resources you need to improve on any
  - Essential Public Health Standard
  - NPHPSP Model Standard
  - "Cross-cutting" subject category, like gathering, managing, and presenting data; assessing workforce; or identifying and engaging community partners.
- ❖ Print complete list of resources for your jurisdiction: state, local, or governance
