Consider the following prompts in developing your answer:

What is the strategy used?
How does the strategy involve adaptation of evidenced-based or promising practices?
What root causes and upstream influences does the strategy address?
How do you accomplish your goals?
What role does each partnering organization play in planning and implementation?
What makes this initiative or its goals unique, ambitious, or innovative?
What measures provide evidence of the accomplishments?
How are performance management and continuous improvement enabled?
What lessons have you learned?
How will the initiative continue or expand in the future?
How easily can others replicate this initiative?
