How Did We Get Here?

1991

Universal Competencies Developed

2001

Core Competencies Released

2010

Core Competencies Revised

2014

Core Competencies Revised – Current Version

2017

Modified Core Competencies Released

Core Competencies Use

Used by:

- ∼45% of local health departments
- ∼80% of state health departments
- ~60% of tribal health organizations
- ~25% of territorial health departments
- ~90% of academic public healthfocused programs

Used in developing:

- Competency/needs assessments
- Education and training
- Workforce development plans
- Job descriptions
- Performance objectives
- Discipline-specific competency sets

National Initiatives

- Healthy People 2030
 - Public Health Infrastructure Objectives: Increase the proportion of state/local/tribal/territorial public health agencies that use Core Competencies for Public Health Professionals in continuing education for personnel
- Accreditation
 - PHAB Domain 8/Standard 8.2: Ensure a competent workforce through the assessment of staff competencies, the provision of individual training and professional development, and the provision of a supportive work environment
 - CEPH: Core Competencies were used in developing foundational competencies for accreditation criteria
- TRAIN Learning Network
 - Course providers can select competencies aligned with their courses and learners can search by competencies to build their knowledge and skills
- 10 Essential Public Health Services

Core Competencies Revision Process

- October 2020: Council on Linkages initiates revision process
- October 2020-February 2021: Open comment period
 - Feedback to inform revisions
 - Research/literature review
- March-May 2021: Draft revised competencies
- May-July 2021: Open comment period
 - Feedback on draft revisions
- August-October 2021: Finalize revised competencies
 - October 2021: Release revised competencies

What Are We Hearing and Thinking?

- Tensure alignment with the revised Essential Public Health Services
- Tensure reflection of skills needed for Public Health 3.0
- Better incorporate social determinants of health, health equity, and social justice
- Better address administrative and management skills
- Consider the impact of COVID-19 are there skills we should have had that are not well represented?
- Provide additional guidance as to how the Core Competencies should be interpreted and used
